SOUND, STAGE, LIGHTING AND POWER REQUIREMENTS:

A. Sound system for the event to be provided by: **The Fundamentals**

B. Stage lighting for the event to be provided by: **The Fundamentals**

C. Back-line for the event to be provided by: **The Fundamentals**

D. POWER REQUIREMENTS

- Eight (8) separate twenty (20) amp circuits are required for the best possible show. Whenever possible, a power distribution box is to be provided and placed to one side of the stage or performance area.
- If the above power requirement is not available, three (3) or four (4) separate twenty (20) amp circuits will suffice.

*If neither of the above options are available, all alternatives must be discussed prior to performance.

E. PURCHASER agrees to provide stage, risers and/or adequate space for the performance.

- A 16 x 28 x 2 stage or riser is ideal for the best possible show.
- A 12 x 38, 12 x 24 or 12 x 20 stage, riser or space is acceptable.

*Other size and space options are feasible, but must be discussed prior to performance.

All precautions must be taken to insure that said stage or riser is securely assembled, (i.e.: no cracks or spaces between sections) to guarantee safety of all band members during performance.
